

LABORATORY WORKSHOP 27 October 2010

Birmingham Metropolitan College
£95 plus VAT per delegate - (whole day inc. lunch)

This course is aimed at those who want to learn more about the work of the Dental Technician and is particularly relevant for those working in companies supplying dental laboratories. It is also extremely worthwhile for those preparing to take the *BDTA Certificate: Introduction to Dentistry* examination.

The workshop is held in one of the state-of-the-art laboratories at the Birmingham Metropolitan College and has a highly practical, "hands-on" content. Students will learn more about the different types of impression materials, crowns, bridges, onlays, inlays and veneers.

If you would like to attend this course, please complete the form and return to the BDTA by Wednesday 6 October 2010.

The following delegate(s) would like to attend the Laboratory Workshop to be held on 27 October 2010 at the Birmingham Metropolitan College.
